

ABx-3

Unlock Process

1. Go to <https://www.audioblast.me/download/>
2. Download the installer for your OS.
3. Once you've downloaded the installer, install the plugin.
4. When ready, please unlock the plugin with your username (email) and serial you should receive by email after registering product.

The first time you launch the Abx-3 in your DAW the unlock view of the Abx-3 appears.

Enter your username and the serial you received by e-mail then press Return.

Username=email

Be careful to copy paste or type without any space before or after.

Until the Plugin is unlocked you will have no sound!

Note: Logic and Garage Band users must press "Return" or "Enter" key on the keyboard after pasting or typing on each textfield.

Or

Click on **Ext Unlock** to launch GetAbx3Serial.app
located:

/Library/Application Support/Audioblast/Abx3/GetAbx3Serial.app
